ST PPL(A) – Skill Test Private Pilot Licence (Aeroplane)

INSTRUCTIONS

DO NOT PRINT THIS PAGE, UNLESS STRICTLY NECESSARY

Flight test tolerance limits

Height

normal flight ± 150 ft
with simulated engine failure ± 200 feet (if ME aeroplane is used)

Heading or tracking of radio aids

normal flight ± 10°
with simulated engine failure ± 15° (if ME aeroplane is used)

Speed

take-off and approach +15 / -5 knots
all other flight regimes ± 15 knots

The FE should make allowance for turbulent conditions and the handling qualities and performance of the aeroplane used.

Conduct of the test

Applicants for a PPL shall demonstrate through the completion of a Skill Test the ability to perform, as PIC on the appropriate aircraft category, the relevant procedures and manoeuvres with competency appropriate to the privileges granted.

An applicant shall have received flight instruction on the same class or type of aircraft to be used for the Skill Test.

An applicant should be required to fly the aircraft from a position where the PIC functions can be performed and to carry out the Test as if there is no other crew member.

At the discretion of the FE, any manoeuvre or procedure of the Test may be repeated once by the applicant. In such case the FE, shall write the number "2" (indicating 2nd attempt) next to the signature/initials in the applicable item.

The FE may stop the Test at any stage if it is considered that the applicants' demonstration of flying skills requires a complete re-test.

Should the applicant choose to terminate the Skill Test for reasons considered inadequate by the Flight Examiner (FE), grade "FAIL" in section B.4. The applicant shall retake the entire Skill Test, for which a new FORM shall be used.

If the Test is terminated for reasons considered adequate by the FE, only those sections not completed shall be tested in a further flight. In such case, the same FORM shall be used, completing the missing items/sections.

Pass/fail policy

An applicant shall pass all the relevant sections of the Skill Test. In such case, grade "PASS" in section B.4 of this FORM.

Failure in any item of a section will cause the applicant to fail the entire section.

In accordance with FCL.1030(b)(3)(ii), if an item has been failed, the examiner shall record the reasons for this assessment. **Section C** shall be used for that purpose.

Failure in more than one section will require the applicant to take the entire Test again. In such case, grade "FAIL" in section B.4.

An applicant **failing only in one section** shall only repeat the failed section. In such case, grade "PARTIAL PASS" in section B.4.

Failure in any section of the re-test, including those sections that have been passed on a previous attempt, will require the applicant to take the entire Test again.

Failure to achieve a pass in all relevant sections of the Test in two attempts will require further practical training.

NOTE: When the Test is repeated (following a PARTIAL PASS or FAIL), a new FORM shall be used.

FORM(S) of previous attempt(s) shall be passed to the new examiner and attached to the new FORM.
